

EXPANDING SQUARE

CSP – **C**ommence **S**earch **P**oint

S – length of first legs

2S- these two sides are 2 times the length of the first legs

3S – these two legs are 3 times the length of the first legs

This pattern useful in searching for an object when there is a starting point, such as a boat in the water, abandoned vehicle or cabin, and no definite direction of travel indicated for the subject(s).
